Subject: Summer Internship Completion Letter – Samsung Innovation Campus

Dear Abhigyan Neog**,**
I am pleased to acknowledge the successful completion of the **Samsung Innovation Campus (SIC) Summer Internship Program** in Coding and Programming at CHRIST University.

The internship was designed to provide students with hands-on experience in programming, software development, problem-solving, and project implementation through a combination of classroom learning and practical application.
The internship period comprised:

- 18 Days (Offline Training): Intensive instructor-led sessions covering coding fundamentals, programming concepts, algorithms, data structures, debugging techniques, and hands-on laboratory exercises.
- 12 Days (Online Project Work): Guided project development, implementation, testing, documentation, and mentor interactions conducted remotely.

The student actively participated throughout the internship and successfully completed all the assigned learning modules, coding exercises, assessments, and the final project. During the program, the student demonstrated dedication, technical competence, analytical thinking, and teamwork while applying programming concepts to develop practical software solutions.

This letter serves as formal recognition that the student has successfully **completed** the 30-Day Samsung Innovation Campus Summer Internship in Coding and Programming and fulfilled all the academic and project requirements of the program.

We appreciate the student's enthusiasm, commitment, and sincere efforts throughout the internship. We wish them continued success in their academic journey and future professional endeavors.

Sincerely,

Prof. Chaitra P C
Assistant Professor, ADSE
School of Engineering and Technology,
