## EDUCATION

- B.Tech in Computer Science and Engineering, Christ (Deemed to be University), Bengaluru. Expected Graduation: 2028. CGPA: 3.5/4.0.
- Higher Secondary Education (Class 12), Sai Vikash Vidya Niketan, Guwahati, Assam. 2024 – Science Stream.
- Secondary Education (Class 10), Vivekananda Kendra Vidyalaya, Dhemaji, Assam. 2020.

## TECHNICAL SKILLS

**Programming Languages:** Python, C++, C, Java, JavaScript, HTML, CSS.
**Databases:** SQLite, PostgreSQL, Oracle SQL.
**Tools and Technologies:** Git, GitHub, Pandas, Matplotlib.

## PROJECTS

**1. Smart Faculty Attendance System**

- Developed a web-based faculty attendance management platform using Python, Flask, SQL, HTML, CSS and JavaScript.
- Implemented role-based authentication, GPS-based attendance verification, dynamic timetable management and attendance reporting.
- Integrated camera-based verification and automated PDF/Excel timetable import with conflict detection.
- GitHub Repository | Live Demo

**2. Campus Copilot – Campus Information Assistant**

- Developed a campus-focused assistant using Python to help users access relevant university information.
- Applied algorithmic techniques including fuzzy matching, Levenshtein distance, Binary Search and optimization algorithms.

**3. Log Analyzer – Log Analysis Platform**

- Developed a log analysis application using Python, Flask, Pandas and regular expressions to parse and categorize application logs.
- Integrated graphical log statistics and AI-assisted log interpretation using Chart.js and Gemini API.

**4. TRACE-X – Transaction Risk & Analytics for Cybercrime Enforcement** (In Progress)

- Designed a predictive analytics platform concept to support cybercrime investigation and transaction risk assessment.
- Worked on dashboard development and integration of backend services for analytical workflows.

**5. Responsible AI Portfolio**

- Designed and developed a digital portfolio exploring Responsible AI, digital ethics, transparency and accountability.
- Built a responsive cinematic web experience and deployed it using GitHub Pages.
- GitHub Repository | Live Portfolio

## INTERNSHIP EXPERIENCE

**Samsung Innovation Campus (SIC) – Coding and Programming**
*7 April 2026 – 7 May 2026 | Summer Internship*

- Successfully completed a 30-day summer internship in Coding and Programming under Samsung Innovation Campus.
- Gained practical exposure to programming, problem-solving and software development.

## CERTIFICATIONS

- Microsoft Certified: Azure AI Fundamentals (AI-901) – 2026
- Introduction to Large Language Models (NPTEL) – Nov 2025
- Cyber Job Simulation (Deloitte) – Oct 2025
- MongoDB Basics for Students (MongoDB) – Jun 2025
- Google Cloud Platform Fundamentals (Google/Coursera) – Apr 2025

## ACHIEVEMENTS

- **Samsung Innovation Campus (2026):** Selected and completed the Summer Internship in Coding and Programming.
- **Smart India Hackathon 2026:** Selected through the internal hackathon and participated in SIH 2026.
- **Smart India Hackathon 2025:** Selected through the internal hackathon and participated in SIH 2025.
- **L&T Internship:** Selected for an internship opportunity at Larsen & Toubro.
- **Explore and Evolve Hackathon:** Participated in the IEEE Computer Society hackathon.

## AREAS OF INTEREST

- Artificial Intelligence & Machine Learning, Full-Stack Development, Backend Engineering.
